

## Heavy Gripper

- Suitable for clamping I-steel and hanging slings
- Safety factor higher than 4:1 for safety and reliability
- Adjustable clamping range for I-beams in various width

No.	Rated load (tons)	Width range of I-track available (mm)	Main dimensions										Unit Weight (kg)			
			A max.	B		C	delta	E	F		G min.	D				
				min.	max.				min.	max.						
98901	1	75-230	284	180	375	80	4	220	102	160	29	20	3.4	-	-	-
98902	2	75-230	284	180	375	90	6	220	102	160	28	22	4.5	-	-	-
98903	3	80-320	365	220	498	117	8	271	168	240	60	24	9.5	-	-	-
98904	5	80-320	365	220	498	117	10	271	168	240	57	30	11.5	-	-	-

## Heavy Hand-pushed Monorail Trolley

- Suitable for hanging slings on I-steel and pushing trolley through the steel trough by hand
- Safety factor higher than 4:1 for safety and reliability
- Adjustable clamping range for I-beams in various width

No.	Rated load (tons)	Min. curve radius passable (m)	Main dimensions							Track width range	Unit Weight (kg)			
			A min. (mm)	B (mm)	C (mm)	H (mm)	S (mm)	F (mm)	M (mm)					
98911	1	1.0	311	246	222	125	38			64-203	9.5	-	-	-
98912	2	1.1	327	276	263	150	38			88-203	15.5	-	-	-
98913	3	1.3	343	332	309	171	40		1.5-3.0	100-203	25.0	-	-	-
98914	5	1.4	355	377	353	196	42			114-203	39.0	-	-	-
