03904	3Pc. Mini Flat File Set	5	125	174

▲ Warranty terms of tool set comply with the individual product.

Used for filing metal parts which are difficult for common fitter to file

The different levels at the end of the handle are:  
 Red: Bastard Cut;  
 Green: Second Cut;  
 Yellow: Smooth Cut.

File made with high-hardness alloy steel with uniform tooth shape, stable and fast cutting, durability and wear-resistance

For injection-moulding handles, different colors at the end are used to distinguish the tooth level.
